SUBJ MONTGOMERY PLACE PLANS FOR NEW GROWTH

Dear Friends and Family,

The last of the plantings in the garden are happily in place. Our maintenance team assembled new planters and residents quickly filled them with more flowers. It will be a very colorful summer on our terrace!

After spending the last hour or so reading articles about COVID-19, I have come to a realization. There just isn't any new information or research right now that I can share with you for tonight's conversation.

After writing these daily blogs during the last 79 days, I think it's time to reduce their frequency. Of these 79 days, Montgomery Place residents count the last 35 days of being free of COVID-19.

Nonetheless, our guard is still up, and I promise to keep you informed of any changes. But for now, I will write three times a week and you can expect to hear from me on Mondays, Wednesdays and Fridays. I truly appreciate how you have taken the time to read what I've posted and shared your insights and suggestions.

Please look for my next post on Monday, June 8. This weekend, I am looking forward to rest and revitalization. Please stay safe and well as we anticipate a new chapter in the life of Montgomery Place.

This weekend, please feel free to call my mobile phone, 773-617-1317, if there's any matter you'd like to discuss.

Returning to some normalcy, revitalizes the spirit.
